

EW10000 ANVIL SET

Supplied
with Anvil Cradle

This allows for levelling of the lower anvil to make use of the contacts, by aligning them, and not fitting little strips of paper as on big old worn out cast machines!

1. R400 (15.7")
2. R300 (11.8")
3. R200 (7.8")
4. R100 (3.9")
5. R50 (1.9")

All the Anvils are precision CNC cut from EN8 Machine Steel with Contacts, lands or blows, and come as expected with bearings and shafts fitted,

Top Anvil,
